MICROSOFT OFFICE 365 – THE BASICS (2026 Term 4)

MICROSOFT OFFICE 365 – THE BASICS
Learning new software can sometimes be frustrating but there are ways to ease the frustration and make this process more enjoyable. I'm here to help you on this journey. Each office application has it's own set of basic functions. Here are some key tasks for beginners:
WORD: Create and format text documents, add images and use templates.
EXCEL: Create spreadsheets, enter data, perform calculations and create charts.
POWER POINT: Create slides, add text and images and use animations and transitions.
OUTLOOK: Send and receive emails, manage your calendar and organise tasks.
Remember that learning is a journey not a destination. Enjoy the process of discovering new features and capabilities. The more you explore, the more you'll appreciate the power and versatility of Microsoft Office. This class is designed for users ranging from beginners to intermediate and offers a responsive session tailored to your questions.

PICKLEBALL at GLENNIE - MONDAY (2026 Term 4)

PICKLEBALL - MONDAY
Pickleball is a paddle sport you can learn in minutes and play for a lifetime. It brings together elements of tennis, badminton and ping pong to create a sport that’s fun for all ages and skill levels but gets fast paced and exhilarating at competitive levels. Pickleball is played every Monday, Tuesday, Friday & Saturday from 8:30am to 10:30am.
It’s played on a half-sized tennis court, and so, has a lower impact than tennis and is easier on the body. It focuses on quick reflexes rather than powerful serves or running speed. These differences open pickleball up to a greater range of players. Whether you are competitive or just want to get involved in something fun, social and active, pickleball is for you!
Requirements: A reasonable level of fitness - Pickleball is a fast-paced sport involving sudden movements, changes of direction, quick reflexes and balance. No equipment necessary, besides stable sports shoes with good grips, and a water bottle. No equipment necessary, besides stable sports shoes with good grips, and a water bottle.

TRACK AND TRAIL WALKING GROUP (2026 Term 4)

TRACK AND TRAIL WALKING GROUP
Track and trail walking is generally along existing walkways in parks, in and around the Toowoomba to Crows Nest regions, including Crows Nest National Park, Lockyer National Park, Deongwar State Forest, Toowoomba Regional Council Parks such as Mt Peel, Redwood Park, Ravensbourne National Park etc. Some extended travel to Mt Cordeau, Bunyas or Glen Rock may occur. We generally meet and arrange car pooling to travel to the trail head. An email is sent weekly to those enrolled to indicate meeting point and anticipated walk effort. Group size will be limited.
Requirements: Some walks will include undulating hills and on uneven ground, branches and sticks and up hills. Some tracks have vegetation encroaching over the track. The walks range from 6kms - 12kms of walking, so we start reasonably early and a good level of fitness will be required. Suitable clothing for bush walking including stable walking shoes or boots with good grips. Sun protection is appropriate. Morning tea and water must be carried. Most walks do not have toilets available along the route. Time will be allowed at the end of most walks for a self supplied picnic lunch at recognised picnic spots with toilets.
Note: This course and venue do not currently offer specialised accessibility assistance or adaptive equipment. If you require further information in this regard, contact the tutor.

AQUA AEROBICS GENTLE EXERCISES - TUESDAY (2026 Term 4)

AQUA AEROBICS GENTLE EXERCISES - TUESDAY
Would you like an exercise to stay fit and mobile but find it hard on your joints? Have you considered Aqua Aerobics. It is a fun low impact exercise in shallow water that helps maintain and improve your balance, flexibility, endurance and strength. After a workout in the heated pool, you feel energised and ready to tackle your day, with no thought of 'oh my aching joints'.
Requirements: Main requirements are to have fun with convivial company and the ability to get in and out of the pool, via steps set directly into the pool wall; there is no ramp or lift at this facility.
Note: This course and venue do not currently offer specialised accessibility assistance or adaptive equipment. If you require further information in this regard, contact the tutor.
Doors open at 6:40 am. Members may access the pool from 6:45am to 7:00am for 15 minutes of personal exercise of their choice. The class officially begins with the tutor at 7:00am and concludes at 7:30am. Qualified First Aiders are always present.

BASIC MATHS - ADULT LEVEL (2026 Term 4)

BASIC MATHS - ADULT LEVEL
Contrary to a general perception that maths seems to have a disconnect with the real world, this course will try at all times to relate its content to the world around us. Minimal theory only will be necessary to effect this aim. Hopefully, the mysterious aura which surrounds it will be replaced by an enjoyment by clients who may find themselves using maths more frequently. A calculator is advisable in the ability it has to deal with realistic and current 2026 data.
Cost: A contribution of $1 per class per member payable to tutor to cover venue costs.
Terms: 1,2,3,4
Enrolment: You can enrol in this course at any time, subject to places being available. EXTRA-TERRESTRIAL DISCUSSION GROUP (2026 Term 4)

EXTRA-TERRESTRIAL DISCUSSION GROUP
This course is a companion to the Mysteries of Life (previously called Extra-Terrestrial Contact Past & Present) course held on Friday afternoons. It is based on similar subject matter to the Friday class. Unlike the Friday class, however, the Tuesday class does not have a tightly structured presentation format following a defined subject path. It follows the needs and interests of the class members. Members can nominate topics (in advance) that they would like to cover and they and other class members are invited to contribute by way of presentations (formal or informal although these are not mandatory), stories and discussion points. There are also videos to watch with plenty of time allocated to discussion of the video content matter. The tutor acts as co-ordinator and facilitator for these activities, but it is the class members who drive the course and subject matter.
Subject areas that we explore include stories of extra-terrestrial contact (both past and present), unexplained archaeological mysteries (e.g. pyramids and structures around the world which are hard to explain without the use of advanced technology), ancient civilisations, religion, spirituality, life, consciousness and reality.
Terms: 1,2,3,4
Enrolment: You can enrol in this course at any time, subject to places being available. PHILOSOPHICAL DISCUSSION GROUP (2026 Term 4)

PHILOSOPHICAL DISCUSSION GROUP
Our Philosophical Discussion Group is loosely based on Café Philosophique which was a movement founded by Marc Sautet in Paris in 1992.
We are a passionate group of interested Amateurs participating in a grassroots forum for philosophical discussion. We are not into turgid traditional philosophy, but we have lots of very interesting, practical philosophical questions and topics that we like to explore. Our idea is to bring people together in a friendly forum where everyone's opinion counts.
We discuss anything that takes our fancy from The Ethics of the Law, The Australian Dream, The Art of Forgiveness, Identity, to Truth and Beauty.
Along the way we explore different philosophers and their theories, from Plato and Aristotle to Descartes, Kant, and current philosophers such as Peter Singer and Ayn Rand.
We test out philosophical theories by posing scenarios that challenge us to think like a philosopher and apply theory to our everyday lives. Most importantly we have fun and lots of laughs.

PICKLEBALL at GLENNIE - TUESDAY (2026 Term 4)

PICKLEBALL - TUESDAY
Pickleball is a paddle sport you can learn in minutes and play for a lifetime. It brings together elements of tennis, badminton and ping pong to create a sport that's fun for all ages and skill levels but gets fast paced and exhilarating at competitive levels. Pickleball is played every Monday, Tuesday, Friday & Saturday from 8:30am to 10:30am.

It’s played on a half-sized tennis court, and so, has a lower impact than tennis and is easier on the body. It focuses on quick reflexes rather than powerful serves or running speed. These differences open pickleball up to a greater range of players. Whether you are competitive or just want to get involved in something fun, social and active, pickleball is for you!
Requirements: A reasonable level of fitness - Pickleball is a fast-paced sport involving sudden movements, changes of direction, quick reflexes and balance. No equipment necessary, besides stable sports shoes with good grips, and a water bottle.
Note: This course and venue do not currently offer specialised accessibility assistance or adaptive equipment. If you require further information in this regard, contact the tutor.
Cost: $10 payment to the venue per student per class.

CALLIGRAPHY: THE ART OF BEAUTIFUL WRITING (2026 Term 4)

CALLIGRAPHY: THE ART OF BEAUTIFUL WRITING
The Art of Beautiful Writing- Gothic (Blackletter), Faux and Commercial.
Have you ever looked at a handwritten, historical document and wondered "Who wrote this? How was it written? Could I do that?" If admiring those documents has captured your imagination and spurred you on to learn how to form letters and numbers beyond what you learned in school, then this course is for you!
In this beginners' course you will learn the basic strokes of Gothic (Blackletter) Calligraphy, and be introduced to Faux Calligraphy (calligraphy done with normal pens) and Commercial Calligraphy (different ways of monetizing your beautiful writing). You will learn the magic of creating letters and numbers in simplified Gothic and Faux Calligraphy using pens, nibs, paintbrushes and inks. In Commercial, you will create outdoor menus and signs.
Please purchase and bring to class (approximate cost $70):
- 1 Brause pen holder
- 1 Speedball nib size C1 (4mm)
- 1 Pilot Parallel Pen 2.4mm (yellow cap)
- 1 bottle calligraphy ink (black, suitable for dip pens). Do not buy fountain pen ink.
- 1 timber cutting board (sometimes referred to as display boards, cheese boards, culinary boards or paddle boards). Choose a size that you can hang in your kitchen. Spotlight, Kmart and Big W have lots of choices.

Online:
- Art Shed Brisbane, (artshedbrisbane.com.au). (07) 3846 1330. They have a shop in Brisbane.
- Artsup Art Supplies, (artsup.com.au). (02) 4736 5866. They have a shop in Western Sydney.

SWIMMING - THURSDAY (2026 Term 4)

SWIMMING - THURSDAY

For our sessions, the Concordia Aquatic Centre (377 South St, Harristown) provides a heated 25 metre pool for the exclusive use of U3A members. Qualified First Aiders are always present. The water is lovely and warm on a cold Toowoomba morning. Swimming is an excellent low impact exercise and we welcome new members.

Requirements: Those interested in joining must be competent swimmers able to swim 25 metres unaided and in water to a depth of 2 metres. There is no speed requirement, although you will be sharing a lane with other swimmers.

It's about you as an individual, so you can gradually build your stamina – increasing the number of laps you do until you reach your goal. While there are a few hares in the group, there are just as many tortoises.

Access into the pool is via steps set directly into the pool wall; there is no ramp or lift at this facility.

Note: This course and venue do not currently offer specialised accessibility assistance or adaptive equipment. If you require further information in this regard, contact the tutor.

ISLES OF THE EVENING: NORTHWARDS, BEYOND THE PILLARS OF HERCULES (2026 Term 4)

THE ISLES OF THE EVENING: NORTHWARDS, BEYOND THE PILLARS OF HERCULES
The subject of this course is the cultural development of the peoples of the Northern Atlantic. Britain and Ireland will undergo extensive examination. The chronological parameters of investigation are delineated by the Wurm Glaciation and the Norman Conquest. Along the way a plethora of wondrous structures, inspirational scholars, gifted artists, powerful warriors, intrepid navigators and eccentric characters will emerge from the mist. The coherence of the course will stem from the interrogation of primary sources, both archaeological and literary. There are no course prerequisites. Just bring a sense of curiosity, wit and wonder.

MYSTERIES OF LIFE: FROM EXTRA-TERRESTRIALS, ARCHAEOLOGICAL ENIGMAS, ANCIENT GODS, RELIGION, SPIRITUALITY, TO CONSCIOUSNESS AND REALITY (2026 Term 4)

MYSTERIES OF LIFE: FROM EXTRA-TERRESTRIALS, ARCHAEOLOGICAL ENIGMAS, ANCIENT GODS, RELIGION, SPIRITUALITY, TO CONSCIOUSNESS AND REALITY.

Society often values routine, comfort, and survival over asking deep existential questions about why we exist. American actor and comedian Jim Carrey once said "What fascinates me is that hardly anyone is wondering what we're actually doing on this planet. Most accept the work-eat-entertainment-sleep cycle as life and have no desire for a deeper understanding of our purpose in the universe." Carrey encourages looking beyond material distractions to seek a true connection to the universe and our inner spirit.
Have you ever looked outside the comfortable “box” of convention and wondered at the countless mysteries that life presents us with? From questions about our place in the universe to exploring unexplained discoveries around the planet that suggest a deeper meaning to our existence and relating these to our physical and spiritual selves in a quest for better understanding of ourselves and our reality.
In this course, we challenge ourselves to think outside the box and consider options that are not offered by mainstream authorities and disciplines. We delve logically and rationally into some of the greatest mysteries of our world. We begin by exploring evidence from around the world indicating that Earth has been visited by advanced extra-terrestrial beings both today and throughout history. We explore modern day sightings of UFOs and stories of encounters with extra-terrestrials, and review what has been happening in the US over the last few years in terms of UFO and ET disclosure.
We also explore significant evidence that our planet’s ancient cultures were aided and influenced by mysterious visitors who were eventually regarded as gods. Almost every past culture has stories of visitors from the heavens, who came and taught them culture, agriculture, animal husbandry, astronomy and the construction of buildings and cities. The influence of these visitations has shaped religious beliefs and subsequent societies.
We then explore unexplained archaeological mysteries (e.g. pyramids, structures and artifacts around the world whose existence is hard to explain without the use of advanced technology). Are such mysteries evidence of a long-lost ancient, advanced civilisation or of visitations from other worlds?
Further, we look at ancient gods, religion, spirituality, life, consciousness and reality and ponder the age-old questions “What are we and why are we here?” Is everything we have been taught in our lives actually true or are there other interpretations?
Course delivery is by formal presentation and group discussion. This one-year course is restarting from the beginning in 2026. 2026 may be the last year that this course runs so if you are interested, think about enrolling.

PICKLEBALL at GLENNIE - FRIDAY (2026 Term 4)

PICKLEBALL - FRIDAY
Pickleball is a paddle sport you can learn in minutes and play for a lifetime. It brings together elements of tennis, badminton and ping pong to create a sport that’s fun for all ages and skill levels but gets fast paced and exhilarating at competitive levels. Pickleball is played every Monday, Tuesday, Friday & Saturday from 8:30am to 10:30am.
It’s played on a half-sized tennis court, and so, has a lower impact than tennis and is easier on the body. It focuses on quick reflexes rather than powerful serves or running speed. These differences open pickleball up to a greater range of players. Whether you are competitive or just want to get involved in something fun, social and active, pickleball is for you!
Requirements: A reasonable level of fitness - Pickleball is a fast-paced sport involving sudden movements, changes of direction, quick reflexes and balance. No equipment necessary, besides stable sports shoes with good grips, and a water bottle.
